# COMPANY PROFILE

## WELCOME

Wilson Fire Equipment and Service Company, Inc. (WFE) is a family owned and operated low voltage solution provider established in 1916. Serving both domestic and international customers for almost a century the company is passionate about taking care of its clients by ensuring protection and efficiency in the services and products provided.

DEBT FREE COMPANY

WFE has always believed in partnering with customers and providing them with superior custom solutions and services. As a leading security-fire-voice integration company dedicated to protecting small, mid-size and Fortune 500 corporations, WFE offers the latest products and services in electronic security, life safety and communications.

100+ EMPLOYEES

STATE LICENSED

Whether you're a single industrial building or a multi-campus facility, you need a custom designed and technologically advanced security-fire-voice system based on your company's specific needs. This combined with our custom maintenance and service plans will provide every type of business with a peace of mind.

PROUD SAFETY RECORD

FULLY INSURED

Our mission is to consult and listen to your needs and provide the most effective plan, design and custom solution to protect you and your property. Our goal is to dedicate our efforts to provide legendary customer service and build lasting relationships with our clients.
